

Message from President of SABE, Betty Williams

To our allies:

Last year SABE celebrated its 20th Anniversary. I am sending you an announcement about the new officers elected last fall by our members.

We have another important announcement. In June, 2010 SABE changed their Bylaws to include a mentor position. SABE is supporting one former board member to attend board meetings for 2 years to mentor a new president. The mentor is chosen by the new president. As President of SABE, I have chosen Chester Finn as my mentor. That is why Chester is still around on different committees because he is a mentor to me and the SABE board.

We have also appointed the following previous board members to represent SABE's position on the following boards and committees:

Julie Petty (Arkansas) - Alliance of Full Participation

Victor Robinson (Washington D.C.) - Alliance of Full Participation

Tia Nelis (Illinois) - Council on Quality Leadership

David Libscomb (New York) - National Direct Service Professional Alliance

If you have any questions, concerns and more importantly, opportunities for SABE please contact me at blwilliams12@gmail.com.

All my best,
Betty Williams
